Parragon Books : Disney Mickey Mouse The Three Musketeers (Disney Padded) before purchasing it in order to gage whether or not it would be worth my time, and all praised Disney Mickey Mouse The Three Musketeers (Disney Padded):

Not interesting inside...pictures are ghostly.By JillynI bought this book for my 3 yr old grandson. There is too much "darkness" in this book. I was very disappointed. In my opinion the age range should start no earlier than 6 yrs for this book. I gave it a 2 star because the quality of the outside is nice.

This amazing Charm book features the famous Mickey Mouse and the Three Musketeers. Mickey, Donald, and Goofy are thrilled to finally be real musketeers, but when the Princess Minnie is kidnapped, the job to rescue her might be more than they can handle! Children will stay engaged to find out if they can actually save her! This book even comes with a charm necklace to treasure forever!
